

A TRUSTED  
DESIGN-BUILD  
PARTNER

# Setting Service Standards

Founded in 1962, AGS is a custom architectural signage firm specializing in comprehensive interior and exterior systems for wayfinding, donor recognition, and interpretive exhibits. Through proven project management processes, expert design facilitation, and high-quality signage products, AGS helps organizations balance form and function to stay on budget, meet deadlines, and achieve the best value for their objectives.

We're proud to be a partner of choice for prestigious educational institutions, healthcare organizations, corporations, residential living facilities, and other leading businesses.

## Value-Added Visual Communications

Hundreds of high-performing organizations trust AGS to develop complete visual communication systems from concept to completion that help visitors and staff navigate facilities with ease. Our on-site surveyors, planning experts, and designers work closely with internal stakeholders to achieve project objectives on an accelerated timeline for optimal results that can be adapted to meet future site needs.

Standardize company branding across sites with engaging signage programs that are aesthetically unique and functional. AGS sets the bar high for wayfinding materials and workmanship.

## Our Service Difference

Follow a proven, consultative design-build process

Improve site navigation for customers, visitors, and staff

Implement best practices and stay compliant with regulations

Meet critical project deadlines for optimal outcomes

Stay on budget with cost-effective systems and services

# The Path to Exceptional Outcomes

AGS works closely with clients to define expectations, confirm responsibilities, meet specific requirements, and ensure projects are completed on time and on budget.

## 1 Project Commencement

AGS defines the scope of work and project schedule, reviews financial agreement terms, and connects you with your dedicated production team.

## 2 Approval Process

AGS conducts a site survey, obtains required permits, and prepares for fabrication via signage design, message layout, and prototype development

## 3 Logistics & Planning

AGS distributes approved project documents to production, orders signage materials, stages the site, and stays proactive as the team prepares for installation.

## 4 Installation & Completion

AGS guides a seamless signage installation process with close attention to detail and conducts a post-installation meeting for optimal results.

## FEATURED PROJECT

# The Yards at Malvern

Malvern, PA | Completed 2002

The Yards at Malvern is a luxurious apartment complex located in the hub of Malvern, PA. AGS designed and installed both interior and exterior signage, as well as signage for an adjacent parking garage, to blend with the look and feel of the community's elevated, resort-style amenities.

### Key Services

- Design Facilitation
- Fabrication & Installation
